

Access to Play – A Right for All

A group of mothers living in Petrolia looked at the play space available in one section of town and decided that it needed to be replaced by structures that were safe, welcoming and accessible. Parents for Parks was 'born'.

This group of friends has worked tirelessly to raise the funds to make that dream a reality. They started by getting the land use for the new structure granted and then had the Town of Petrolia agree to take over the maintenance once the new structures went up. All that remained was to raise the money for the build.

SCF is working with the committee to provide receipts and manage the funds raised until the build starts. At that point the donations will be forwarded to the Town of Petrolia for purchase. By working with SCF, the Parents have ensured that the funds raised will be used for the build exclusively.
